

“The Chamber of Catawba County is the Catalyst for Economic Vitality in our Community.

We are the region's leading business organization dedicated to driving economic prosperity and business success. Thank you for partnering with over 850 Partners in sustaining the critical work this organization performs on behalf of the businesses in Catawba County. ”

Lindsay M. Keisler, IOM, CCEC, President/CEO
The Chamber of Catawba County

EMPOWER

Steven W. Pennell, VP, Human Resources
US Conec, Ltd.

“Through its developed relationships with resources in the state government and through its strong alliances with local government partners, The Chamber offers a strong ally for its partners. We have utilized its partnerships with local groups to provide services including the HKY4Vets program – a way to connect local employers with transitioning military and military spouse talent from North Carolina's military installations. Another service that we have used and benefitted from is the local Wage and Benefit Survey that has been conducted annually. This allows us to benchmark our pay and benefits to our local industry peers. Our employees have experienced the benefits of both Leadership Catawba and the Women's Leadership Conference. We are thankful for the services and partnerships The Chamber offers.”
